Chuckles, Chills To Highlight Little Theatre Offering

The Bay St. Louis Little Theatre has dug out an oddie, brushed off the dust and cobwebs (and perhaps a few bloodstains) and shined up a thriller that is as sparkling with chuckles and chills as it was when it hit Broadway in 1922. The play is "The Cat and the Canary," slated for Thursday, Friday and Saturday, Nov. 11, 12 and 13.

An eccentric millionaire leaves a fortune and an old house, with the proviso that the heir must be of sound mind to keep the legacy. So, naturally, heirs try to drive the heir insane, so that the heritage might pass on to someone else.

There are sliding panels and clanking claws, a corpse which appears and disappears, a colored woman who believes in voodoo magic and gives everyone the jumps.

And an escaped homicidal maniac and a trembling hero fail to add to the piece of mind of the guests forced to spend the night in the house where the old man died at midnight 20 years before, but they guarantee a delightful evening for local theatre-goers.

The play is being directed by Mrs. Caroline Kiefer. The cast includes Joan Henson, Charles Kiefer, Laurence Oden, Lloyd Griffith, Adele Hubbard, Evelyn Griffith, Buddy Hava, Patsy Gex, Robert Laffler and Imogene Allison.

Supervisors State Why They Refused Action on Petition

A statement from the Board of Supervisors to the EAGLE this morning set forth their reasons for refusing to take immediate action on the petition for a new county-wide levy for the citizens of Hancock County.

The statement said the Board was of the impression that many of the people who signed the petition "were not properly informed of the contents" of the petition. They said it was their belief that it was "not the wish of the majority of the people who signed the petition" to have a redistribution of the County "as outlined."

Osmach told the EAGLE this afternoon: "I will be willing to defend the petition before anyone at any time, and will give the reasons I and the group of signees feel that the petition for calling an election for re-districting Hancock County is unambiguously drawn up."

"Seeing that the petition is acted upon by the members of the Board of Supervisors is my sole aim," he asserted.

The Board's statement follows:

Much has been written and said concerning the re-districting of Hancock County, and about the petition that has been filed with the Board of Supervisors.

At the outset, let it be known that the Board of Supervisors, regardless of Beat or Beat Lines, represent all of the people of Hancock County. It has been brought to our attention that an erroneous impression has been given to many of our citizens concerning the taxes paid by the citizens of Beat 5.

It has been said and written that Beat 5 pays more than 50 per cent of the taxes in the County. We do not take issue with this statement, however, as we analyze what happens to the money that is paid by all of the citizens of Hancock County.

ROAD AND BRIDGE FUND: First, there is a seven mill road and bridge levy, of which amount the Town of Waveland and the City of Bay St. Louis each receive three and one half mills of said levy, made and collected within the corporate limits of the municipalities.

The balance of 3 1/2 mills is placed into a road and bridge fund, and then divided into 5 equal parts, thereby giving Bay St. Louis and the Town of Waveland 3 1/2 mills.

As to that part of the county outside the incorporated cities, a 7 mill levy is paid by all of the people of the County, and of this 7 mill Beat 5 receives its proportionate 1/5 of said 7 mill levy.

GENERAL FUND: Second, there is an eight mill general fund. This money is used to pay, among other things, the County official's salaries, office and administration, judicial and law enforcement, health and sanitation, city and public welfare, farm and home service, operation and maintenance of building and grounds, etc. and out of said 8 mill levy, it is our opinion that 99 per cent of this 8 mill levy is spent in Beat 5.

ADVERTISING FUND: Third, there is a 1 mill advertising fund. This money is spent primarily to advertise the County in general, however, at no time has only the county been advertised, and the great percentage of the time has only the county been advertised and Waveland are the ones who benefit from this advertising fund, by a lot greater per cent than the balance of the County.

INDIGENT SICK AND PUBLIC HEALTH FUND: Fourth, there is a 2 mill LEVE FUND. Sixth, there is a 1/2 mill county-wide levy for Pearl River Junior College. This money is used to help defray the expenses of the boys and girls from this county attending this school. It is our information that 70 per cent of the pupils benefiting from this levy come from Beat 5.

PAUPER FUND: Seventh, there is a 2 mill levy made for the Pauper Fund. This money is used for the support of the poor and paupers, and support of the poor-house. Of the money that is disbursed from this fund, 90 per cent is spent in Beat 5, as now constituted, and over 80 per cent of the residents of the County Poorhouse are resident citizens of Beat 5.

LIBRARY FUND: Eighth, there is a 1/2 mill levy made for the Library Fund; 100 per cent of the money is spent in Bay St. Louis, Beat 5.

VETERANS SERVICE FUND: Ninth, there is a 1/2 mill levy made for the Veterans service fund. 90 per cent of this fund is spent in Bay St. Louis, Beat 5.

COURTHOUSE, JAIL, OFFICE REPAIR BUILDING BOND FUND: Tenth, there is a 3 mill levy made for the Courthouse, Jail, Office Repair Building Bond Fund. 100 per cent of this money will be used exclusively in Beat 5 to repair the Courthouse and Jail.

STATE: Eleventh, there is a 2 mill levy to the State. None of this money stays in the County.

In addition to the above, the people outside of Beat 5 who use gasoline purchased in Hancock County pay a \$3 per gallon Seawall Tax, all of which money benefits exclusively Beat 5.

The above and foregoing will show that while it may be true that over 50 per cent of the taxes are paid in the presently existing Beat 5, nevertheless, in no instance does Beat 5 receive less than 80 per cent of the benefits from various funds.

It is the impression of the Board that many of the people who signed the petition to re-district the County were not properly informed of the contents of the petition, and did not have the foregoing facts before them, and it is our belief that it is not the wish of the majority of the people who signed the petition to have a re-districting of the County, as outlined at this time, which would create a great injustice on all of the people, except those living in the newly created Beat 5, which embraces a small area of land beginning at its Northeast end at Carroll Avenue, and extends to the Waveland corporate lines, and thence approximately North and West to US Highway 90, and thence approximately North and East back to Carroll Avenue. The area in the other Beats would be eight to ten times the area of the newly created Beat 5, and in these Beats are many miles of unimproved roads that must receive attention, maintenance and repair, and if the same division of Road and Bridge monies were divided in the future (under the newly proposed plan) the Supervisor from the newly created Beat 5 would have practically 80 per cent of the roads in this newly created district would be within the corporate limits of Bay St. Louis.

It is further felt by members of the Board of Supervisors that many signees failed to fully study both sides of the issue therefore they wished to acquaint the public with the complete facts.

Supervisors Shun Action On County Redistricting Petition

MAYOR WARNS AGAINST THE USE OF FIREARMS WITHIN CITY LIMITS

Mayor John Scalfie this week warned that any person caught using firearms within the city limits will be subject to maximum fine.

The violators of the law prohibiting the use of firearms within the city limits have appeared before the Mayor for trial. These offenders, all first time, were reprimanded and dismissed with the warning that if they ever violated the law again the penalty would be stiff.

A further warning, with imposing fines for violators caught, was issued by the Mayor against dumping garbage and trash on side streets within the city limits.

About two hundred persons filled the courtroom Tuesday morning to demand that members of the Board of Supervisors act on a petition presented to them the previous week, and to present through their leader, Henry Osmach a supplementary list with approximately 150 additional names.

Following the presentation of the supplemental petition to Jack Lou, president pro-tem of the Board in the absence of President Johnson Shaw, Osmach requested the Board members to advise the gathering whether action had been taken by the Board to check the status of signers of the preceding petition.

He was advised that Board members had the petition under consideration but had not acted on it.

Lucien Gex, attorney for the Board, claimed there was a question of legal sufficiency in the petition. He said the petition was insufficient in that portions of the county had been left out and under the circumstances the Board would be prohibited from calling an election even if they desired to do so.

John M. Gardner of Gulfport and Joel Bias were attorneys for the petitioners. They contended that the Board had no choice but to call an election. Osmach read a portion of the law from the Mississippi Code which stated that if 25 per cent of the qualified voters of a community sign a petition, an election is a forced issue and must be called in not less than 30 days nor more than 60.

Members of the League of Women Voters volunteered to assist the Clerk of Courts in checking the status of signers of the petition.

R. Q. Hubbard, Beat 5 supervisor, was the only member of the Board in favor of acting on the petition.

A. K. Thompson, Waveland resident, spoke vehemently on the failure of the board to act on the petition and call a special election for re-districting. In failing to do so, he said, "Our democratic way of living is being threatened."

CLAIM SIGNEES DIDN'T KNOW PETITION'S CONTENTS

A statement from the Board of Supervisors to the EAGLE this morning set forth their reasons for refusing to take immediate action on the petition for a new county-wide levy for the citizens of Hancock County.

LEGION HOSPITAL COMMITTEE MEETS WITH SUPERVISORS

Yesterday morning members of the Board of Supervisors met with a delegation from the Clement R. Bontemps Post 139 of the American Legion in an effort to find ways and means of continuing the issue to secure State and Federal funds for the construction of a new hospital in Bay St. Louis.

Gordon Romanoff, spokesman for the Legion, informed the Board members that the Legion had sent representatives to Jackson last week to gain information on why funds were not available.

Upon investigation it was ascertained that the representatives had met several misunderstandings were accountable for the action taken by the State and Federal authorities when they informed Hancock County officials that no funds were available for the construction of a hospital. They previously had said that Hancock County was high on the State priority list for such a project.

Romanoff told the Board that the Legion was advised that if the Board of Supervisors would send a letter of commitment to Jackson stating that a location had been decided upon and State funds were made available for construction purposes, that the issue would be reopened for consideration.

Members of the board expressed themselves as 100 per cent in favor of a new hospital providing there would be no increase in taxation for maintenance.

The Board agreed to send such a letter and allocation of millage was studied by the Board so that a budget could be set up to provide funds for maintenance.

Harvest Ball Set For Saturday

NO GAMBLING GOING ON AT LOOKOUT HOUSE, SAYS EGLOFF

LEGION COMMITTEE INVESTIGATES U.S. 90 GAMBLING INCIDENT

Sheriff John A. Egloff told an American Legion Committee that no gambling is going on at the much-publicized Lookout House on Highway 90 in Hancock County.

Legionnaires, incensed by the bad publicity and reported irregularities in last week's Sunday Times-Picayune story, decided to investigate. A meeting of the Executive Board of Post 139, a committee was named to call on the Sheriff for an explanation.

Named to the committee were Joseph H. Benveniste, chairman, E. J. Aronow, R. J. Elliott, B. E. Estep, Laurent Dickson and G. C. Romanoff. Sidney L. Bourgeois, Commander of the local Post, accompanied the committee at the conference with Sheriff Egloff.

Sheriff Egloff told the Legion committee that he had visited the Lookout House last week and that in his investigations he found no gambling equipment of any kind. He said that he questioned the operator of Lookout House and found that the operator had rented space to two men to sell souvenirs. The operator of Lookout House told him that he did not know of any gambling, dining or fleeing at that place. Sheriff Egloff claimed that these two men were residents of Hancock County, but moved out of Hancock County as far as he knows, Egloff said.

Egloff told the Legionnaires that he had notified the operator of Lookout House that he would not permit gam-

bling of any kind there and that he, Egloff, meant it.

The committee asked Egloff if he intended to prosecute anyone because of the incidents reported to have happened at Lookout House.

"On what evidence?" the Sheriff replied. "The people who made all of these statements to the newspapers refused to press charges. They are gone. The men who are supposed to have run the crooked gambling are gone."

Sheriff Egloff was questioned as to what he had done to prevent any further incidents. The Sheriff said he had instructed his deputies to redouble their watchfulness of businesses along Highway 90.

"We are asking all of the business places on Highway 90 to report to us any knowledge of this sort of thing and give us a chance to do something about it," Sheriff Egloff said.

"It's a hard job to keep fly-by-night out of town people from setting up here," the sheriff continued. "There are a lot more incidents that you fellows don't know about. We have run a lot of those 'sneakers' out of the county but they keep trying to get in here."

"We don't go bragging about this to the newspapers but it looks like the newspapers take great delight in giving Hancock County all of the bad publicity they can when they hear of some incident like that Lookout House business."

Sheriff Egloff was asked how it was so easy for the "sneakers" to fleece the people.

Egloff replied, "Those 'sneakers' are just that. They have nice personalities, are smooth talkers and seem to hypnotize their victims."

"The easiest person to fleece," declared the Sheriff, "is one who considers himself 'smart.' You will notice that it is always someone who is trying to get something for nothing that gets fleeced."

"Some of them," he said, "take their losses and charge it to experience, but some try to cover their own cupidity, greed and foolishness by crying to the newspapers that they were fleeced."

"Hundreds of people go into the business places on Highway 90 daily. They buy or sell or transact their business and go on their way. Those looking for a 'good deal' or 'something for nothing' feel like it's all right for them to 'sneak' someone else but they want us to act for them when they find someone smarter than they are."

Sheriff Egloff assured the departing Legionnaires that "This is open season on fly-by-night sneakers and we intend to keep them moving on through Hancock County or we cut. I cannot say that there won't be another incident within a week, but we are doing everything we can to prevent it."

Commander Bourgeois instructed the Legion Committee to continue its investigation and give Sheriff Egloff every possible assistance in law enforcement here. Egloff thanked the

Legionnaires for their interest and assistance.

Legion Public Relations Officer Gordon Romanoff and former Commander Louis W. Kidd questioned the operator of Lookout House following the conference with Sheriff John Egloff and the Legion's Special Committee in regard to the alleged illegal activities at that establishment.

The operator showed a ready willingness to answer all questions. The answers given by the operator closely matched those given by Sheriff Egloff to the same questions.

The operator stated that his business was purveyor of high quality foods, catering to a discriminating clientele. He disclaimed any connection with any one engaged in illegal activities.

The operator stated that he regretted having rented space to the two men who had reportedly been engaged in illegal activities and that future arrangements will be closely watched to protect patrons of his business.

KILN DOWNS VANCELEAVE 14-12 IN HOMECOMING GRIDIRON TILT HERE SATURDAY

With the passing and running of star quarterback Larry Ladner the Kiln Wildcats successfully celebrated their homecoming when they defeated the Vanceleave Bulldogs 14-12 Saturday night at St. Stanislaus Stadium.

Both of Kiln's scores came by way of large gains by the passing of Larry Ladner. Although he completed only three of 12 attempts, each pass averaged a gain of 45.3 yards.

The first quarter was fought to a standstill. Kiln kicked off to Vanceleave. The Bulldogs advanced to the 50 where they punted down to the 19. Kiln was unable to gain in three plays and they punted back to the 45 yard line of Vanceleave. The Bulldogs came down to the 50 but were forced back to the 50, where they punted to the 21 as the first quarter ended.

On the first play of the second stanza quarterback Ladner hit Garriaga with a pass and Garriaga advanced to the 44 yard line of Vanceleave. In six more plays Kiln got down to the 14, but lost the ball on downs. In five plays the Bulldogs got to the 30 where quarterback Ladner hit Mills for 54 yards and put the ball on the three yard line of Kiln. The next play saw halfback Jerry Quave go over on a line buck. The extra point attempt failed.

After the kickoff Kiln ran the ball back to the 32. They lost on the next play, but the following try advanced to the 40. With the clock running into the final 15 seconds, quarterback Larry Ladner hit end Louis Garriaga with a 22 yard pass and Garriaga ran the remaining 38 yards to score. Ladner ran the extra point and Kiln led 7-6 at halftime.

Miss Betty Wyatt and Louis Garriaga were crowned queen and king in

a halftime ceremony.

Kiln took the second half kickoff but was forced to punt to the 35 yard line of Vanceleave. Kiln held the Bulldogs to no gain for three plays and ran Vanceleave's punt back to the 42 of Kiln's own territory. Two plays later Vanceleave intercepted a Kiln pass on the 40 and ran it to the 43 on Kiln's land.

Three more plays saw Kiln regain control of the ball by intercepting the ball on the 38. In six plays they got to the 45 of Vanceleave. Then Larry Ladner completed another pass to Garriaga who brought the ball down to the 4 yard line. Ladner then went over on a quarterback sneak. A short pass from Ladner to Russell Mitchell accounted for the extra point.

Vanceleave brought the kickoff to the 47. On the next play, the first of the final period, the Bulldogs came down to the 24 by way of a 28 yard pass pass. Another short pass put the ball on the 12. They drove to the 2 yard line, where Kiln held them pat. But three plays later Bulldog halfback David Lee intercepted Larry Ladner's pass, meant for Russell Mitchell, and scooted across from the five. The extra point failed and Kiln retained their winning margin of 14-12.

Kiln began one last drive in the fading minutes. After the kickoff was placed on the 40 because of going out of bounds, Kiln got down to the 13 yard line but the clock ran out.

This was Kiln's second victory in their five outings. They earlier had defeated Lumberton's "B" team 24-7. Vanceleave has a 0-4 record.

American Legion Auxiliary Blankets For Korea Drive Is Hailed as Huge Success

The Blankets for Korea program sponsored here by the Auxiliary of the Local American Legion has had overwhining success, according to a statement today by Chairman of the Committee Mrs. G. C. Romanoff.

The local unit was requested to furnish one blanket. Members were requested to check their lockers for an extra blanket. To date twelve blankets have already been turned in and apparently many other Legion and Auxiliary members intend to also give blankets to the drive which is sponsored on a national level by the National Legion Auxiliary Unit.

The committee has decided to ship the twelve blankets already received and to extend the time to allow more contributions. Mrs. Romanoff announced that arrangements had been made with the Legion for Russell Elliott to receive blankets from donors of the Clermont Harbor and Lakeshore area at Bayou Caddy. Bay St. Louis, Waveland and other County areas are requested to bring blankets to 403 Main St.

It is not essential that blankets be new, as long as they are serviceable, Mrs. Romanoff said.

The public is invited to join in this movement by donating blankets at either place, the chairman concluded.
